DANGER.
Kentucky's dry counties
Are now eighty-two.
And only four wet ones.
Oh, what will we do
When the whole state is dry?
At whom will we poke
The mint, and the moonshine.
Auffong-toddy joke?
—Houston Post.

B. G. WHITNEY'S "PIFFI PAFFI POUFFI"

This big musical show, which comes to the Washington Thursday, November 15th, contains so many enjoyable novelties that it is a difficult task to know just where to start in trying to enumerate them. Henman Maley, always an unctuously funny man, has the best role that he has ever played. The original American Pony Ballet give what is unquestionably the best singing and dancing features, and with their fascinating and gingery manner capture the hearts of everyone.

New Brand of Boss

SECRETARY BONAPARTE!

Offers Some Original Suggestions On the Subject

A Plan That Would Wipe Out "Fixed" Conventions and Give Every Fellow a Fair Deal

In an interview Secretary of the Navy Charles Bonaparte suggested the establishment of a legalized "boss" in each political party in each of the states and cities, the "boss" to be empowered to select the candidates for the various elective offices, thereby doing away with nominating Conventions.

Declaring that he was speaking seriously, Secretary Bonaparte continued—

"It is hard, indeed, very hard—often impossible—to get the men who are fit for public office to become candidates. Somebody has to do a great deal of work in finding the right man for each place and in inducing him to run for it. "Unfit candidates can be secured by the bushel, but public life in this country involves such grave sacrifices of both inclination and interest for men of character, ability and high standing that they have to be driven into it by a sort of compulsion, through appeals to their sense of public duty, in some cases of party loyalty.

DUTIES OF "LEGALIZED BOSS."

"Now, by a 'legalized boss,' I mean an individual authorized on behalf of one of our parties to choose all candidates of that party for elective offices within a designated territory, to do intelligently, deliberately and carefully the work which is supposed to be done by nominating Conventions or Primaries, but which would be done by such agencies as thoughtlessly, hurriedly and negligently that it is done usually, in fact, by the local 'boss' or ring in secret.

With a majority of 58 in the next Congress, Republican Prosperity will continue business at the old stand for the ensuing two years.

The candidates before the late Democratic Primary ought to publish a statement of their campaign expenditures. It would make interesting reading.

The value of farm lands has increased \$6,131,000,000 since 1903; and that doesn't look very much like Protection was such a bad thing for the American farmer.

Dr. S. L. Jones for October shows commodity prices the highest in 20 years. Surely the farmer who doesn't farm with a jack-knife on a drygoods box has no cause for complaint.

The Emery estate, which owns nearly everything that has a roof over it in Cincinnati, has raised rents from 25 to 40%. The reason assigned is the increased cost of building material; but how this affects houses that have been built for twenty years is not stated.

HAVING called a big Life Insurance Company to account for its bulldozing methods, it is hoped Commissioner PREWITT will now go after some of the Fire Insurance Octopii. The former have to do mainly with people of comfortable means, but the latter rob rich and poor alike by their outrageous charges. In comparison, the Insurance Trust outstrips all other Trusts melted into one.

The South is expected to fare much better in the coming Rivers and Harbors Bill which Representative Burton is ready to introduce.

Justice McLean in the New York Supreme Court has signed an order requiring the Board of Canvassers to show cause why the Court should not examine all void and protested ballots in New York county.

A tobacco factory at Kelsey was destroyed by fire, supposed to be incendiary, and another factory at Eddyville was blown up with dynamite by raiders, who, it is believed, are concerned in the fight against the Tobacco Growers' Association.

The man wanted in Owensboro, under the name of E. L. Travis, for alleged fraud on a Bank and under arrest in Springfield, Mo., believing his attempt at suicide would be successful, admitted his identity, and told of defrauding many Banks in various parts of the country.

Burt Seavey and Cullen Jordan were taken to Portland, Me., a few nights ago to have thousands of porcupine quills picked out. The two young farmers met a pair of hedgehogs in the road and tried to drive them away. The porcupines fought back and the men are literally bristling with quills. If blood poisoning does not set in, no bad results are feared.

Hydrating a plant has been produced at Chiswick, England, that grows potatoes underground and tomatoes above ground.

At Pittsburgh Frank L. Emmett, James Jay Dunn and Charles L. Cleave, employees of the United States Steel Corporation, have been indicted by the Federal Grand Jury on charges of conspiracy to defraud the United States Government, the cause growing out of the allegation that defective boiler tubes for warships have been furnished by the Shelby Steel Tube Company, with which concern the accused men were connected. The Shelby Company is a branch of the steel corporation.

FOLLOWING the increase of wages to thousands of railway employees comes the announcement that the railroads will make a "blanket" increase in their tariff rates. Well, somebody always has to pay the freight.

A DISPATCH from Lexington says it cost Senator McCREARY between \$30,000 and \$40,000 to conduct his campaign. One authority said that he released \$12,000 in Louisville alone the day before the primary, besides the amount turned loose in that city at other times, as well as the sum expended in Lexington, Covington and other points in the state. The expenses incurred by Governor BECKHAM, it is said, were all paid by the patronage controlled by him over the state, and had he lost the nomination he would not have suffered financially anything like the amount spent by his opponent.

DECLARING that, in his judgment, the position taken by President PEYROPY and others of the management of the Mutual Life Insurance Company of New York, in requiring Agents to sustain the administration ticket in the election of Trustees for the Company in December next, under the penalty of dismissal, and in otherwise seeking to elect such candidates, to be "oppressive, dictatorial and unlawful," HENRY R. PREWITT, Insurance Commissioner of Kentucky, has entered an order revoking the certificate of authority of that Company, and that of its Agents, to further transact the business of life insurance in this state.

SHE WANTED TO WATCH HIM.

"And will you have gas, madam?" inquired the dentist, as a stout, elderly woman entered his office.

"Well," she replied with a doubtful glance at the doctor, "you don't suppose I'm going to let you tinker about me in the dark, do you?"

The poll of the Erie Railroad firemen, now almost completed, shows the men nearly unanimous for a strike.

New York thieves don't stop at anything. A few nights ago they stole the bronze tablet from the monument erected in the Lutheran Cemetery, on the outskirts of Brooklyn, to the memory of the victims of the burning of the steamer General Slocum. The cost of the tablet was about \$450. The tablet had been pried off the monument with crowbars, the face of the monument being defaced in the operation. The stolen tablet bore a representation of the burning of the General Slocum, and the story of the disaster.

"Doctors Said That I Would Die, Cooper's New Discovery Cured Me."

YOU WHO SUFFER READ THIS LETTER

The Cooper Medicine Company:

Gentlemen—I write to tell you the wonderful results that I have obtained from the use of the Cooper medicines. For five years I was an invalid suffering from a severe affection of the bowels. I was operated upon by skilled physicians five times in three years without any success and was given up to die. My weight dropped from 164 pounds to 100. I had heard so much of Cooper's New Discovery and Quick Relief but must admit I had but little faith in them. I decided however to give them a trial. The result was that in two weeks I was able to be out walking around. I continued the treatment until I was entirely well and now weigh 169 pounds. I cannot thank Mr. Cooper enough for his wonderful medicines.

MOUNT OLIVET.

The Mt. Olivet telephone exchange is taking
advantage of the fine fall weather to get its
line in condition to begin business. Some very
fine poles are being brought from the vicinity
of Bluelick Springs.

A protracted meeting began at the Baptist
Church Sunday night. The meeting is to have
the aid of Rev. W. B. Powell, an evangelist of
splendid ability, who will arrive Thursday to
assist the Pastor, Rev. Yates.

John Linville, a man of great religious zeal,
has been conducting a series of very success-
ful services at Ogdon Schoolhouse. He is
wholly destitute of education, but has wonder-
ful power as an exhorter and winner of souls.

The excessive dry weather is retarding the
growth of late sown wheat and grass and the
farmer would like very much to get to strip-
ping tobacco. It seems as if the weather man
is venting his spite upon the tiller of the soil,
as when he wants it wet it's dry—and vice
versa.

Mt. Olivet has passed from the rural village
appearance to all the features of the modern
town. Concrete pavements are being laid just
as fast as workmen can do the labor and ma-
terial can be bought. A splendid walk, wide
and beautiful, now leads from Main street to
the Courthouse. Even the suburban popula-
tion are putting down plank walks and the

Mount Olivet dude may now perambulate the
streets without danger to his patent leathers.
Let the good work go on.

Prof. John T. Brown is a teacher who is in
charge of Flavel District in this county. He
has caused a warrant to be issued against a
young man who, he alleges, has disturbed his
pupils by singing within their hearing during
school hours.

"John Brown's dead and the big day's over,"
and the somewhat more recent chestnut,
"Mr. Erasmus Johnson Brown
What ye going to do when the rent comes
'round?"

The young man has thus far eluded the vigil-
ance of our officials, and it is a question
whether he has or has not a right to sing on
the public highway, even if it does arouse the
irascibility of the Professor's pupils.

It was Martin Van Buren, I believe, that
gave utterance to the words: "The sober sec-
ond thought is essential, and seldom wrong."
John A. Wheeler of near this place is doubt-
less impressed with its truthfulness. The
other day Z. A. Thompson of Carlisle came
along on the lookout for a nice suburban farm.
Wheeler priced his at \$8,000, which after some
dickering resulted in a trade and the deed
made. Now Wheeler wants his home back,
and has offered \$750 profit to allow him to re-
tain it. It is said that Thompson will not ac-
cept less than \$1,000 and is not eager to take
even that sum.

Cure For The Blues
ONE MEDICINE THAT HAS NEVER FAILED
Health Fully Restored and the Joy of
Life Regained.

When a cheerful, brave, light-hearted
woman is suddenly plunged into that
perfection of misery, the **BLUES**, it is
a sad picture. It is usually this way:
"She has been feeling 'out of sorts' "

for some time; head has ached and
back also; has slept poorly, been quite
nervous, and nearly fainted once or
twice; head dizzy, and heart beats very
fast; then that bearing-down feeling,
and during her periods she is exceed-
ingly despondent. Nothing pleases
her. Her doctor says: "Cheer up; you
have dyspepsia; you will be all right
soon."

But she doesn't get "all right," and
hope vanishes; then come the brood-
ing, morbid, melancholy, everlasting
BLUES.

Don't wait until your sufferings have
driven you to despair, with your nerves
all shattered and your courage gone,
but take Lydia E. Pinkham's Vege-
table Compound. See what it did for
Mrs. Rosa Adams, of 819 12th Street,
Louisville, Ky., niece of the late Gen-
eral Roger Hanson, C.S.A. She writes:

"I cannot tell you with pen and ink what
Lydia E. Pinkham's Vegetable Compound
has done for me. I suffered with female
troubles, extreme lassitude, 'the blues,'
nervousness and that all-gone feeling. I was
advised to try Lydia E. Pinkham's Vege-
table Compound, and it not only cured my female
derangement, but it has restored me to perfect
health and strength. The buoyancy of my
younger days has returned, and I do not suf-
fer any longer with despondency, as I did be-

Our Statements!

Have always been subject to public investigation. We claim
to handle the best Clothing, Furnishings, Hats, &c., that are
made at prices that are just—even lower than some ask for the
unreliable kind. We have always guaranteed each purchase!
We will refund the money to all who may ask it. All sales are
subject to home approval and comparison. We leave the de-
cision in the hands of the customer, his friends or his family.
To make a statement and then offer your own words as proof
shows an uncertainty. An honest merchant does not have to
proclaim his honesty from the housetops. We are a bit chesty
over our handsome quarters and our growth, which was not
consummated in dreams, and we think will be allowed by
those who are in favor of progress and not envious of their
neighbor's prosperity. The biggest and best assortment of
men's and boys' merchandise in the city is open to all. To
those who buy or to those who want to be posted please re-
member—**THE BEST.** Very respectfully,

J. Wesley Lee.

DANGER IN DELAY.

**Kidney Diseases Are Too Dangerous
for Maysville People to Neglect.**

The great danger of kidney trouble is that
they get a firm hold before the sufferer recog-
nizes them. Health is gradually undermined.
Backache, headache, nervousness, lameness,
soreness, lumbago, urinary troubles, dropsy,
diabetes and Bright's disease follow in merciless
succession. Don't neglect your kidneys. Cure
the kidneys with the certain and safe remedy,
Doan's Kidney Pills, which has cured people
right here in Maysville.

M. C. Chisholm, Constable in District No. 2,
living at 343 East Second street, Maysville, Ky.,
says:

"Doan's Kidney Pills positively cured me of
kidney trouble and I do not hesitate to give
them the strongest kind of recommendation.
I had been troubled with too frequent action of
the kidney secretions and it disturbed my rest
nights. Having my attention called to Doan's
Kidney Pills I procured them at J. Jas. Wood
& Son's Drugstore and I noticed an improvement
in my condition from the start. My trouble was
soon entirely cured. This was some five years
ago, and I have had no return of it since. Any-
one suffering from difficulties arising from dis-
ordered kidneys can make no mistake by using
Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box,
Foster-Milburn Co., Buffalo, N. Y., sole agents
for the United States.
Remember the name—Doan's—and take no
substitute.
